

WEBCASTER **X2**

Quick start guide

Update the Firmware

Ensure you have access to all the latest features and improvements. Update your Epiphan **Webcaster X2** to the latest firmware now!

- 1** Plug in the power and Ethernet cables.
- 2** Connect a display to the **HDMI OUT** port and a mouse to a **USB** port.
- 3** Press the **multi-function power** button once to turn on the **Webcaster X2**.
- 4** Click the **Update available*** notice in the top bar.
- 5** Wait for the firmware update to download.
- 6** Click **Restart and install**. **Webcaster X2** automatically restarts after the firmware is updated.

*Must be connected to the Internet to access firmware updates.
If your Webcaster X2 is already running the latest firmware, no update available message appears.

How to use your **Webcaster X2** to stream to YouTube and Facebook Live

1

Connect your HDMI™ camera to the **HDMI IN** port of Epiphan **Webcaster X2** using an HDMI cable.

2

Using an Ethernet cable, connect **Webcaster X2** to a network that allows access to YouTube and Facebook.

3

Connect the power cable to the back of **Webcaster X2** to turn on the device.

4

Double-click the **multi-function power** button to choose between **YouTube** and **Facebook Live**. The logo and pairing code appears on the **Webcaster X2** display.

5

Using a browser on your computer or mobile device, enter the pairing code in **YouTube** or **Facebook Live** and share your profile information.

For **YouTube**, go to <https://www.google.com/device> and log in.

Enter the pairing code when prompted, then click **Next** and **Allow**.

NEXT

OR

For **Facebook Live**, go to <https://www.facebook.com/device> and log in.

Enter the pairing code when prompted, then click **Continue** and **Okay**.

Continue

Tip: To manage your event:

For **YouTube**, manage your live event at
https://www.youtube.com/live_dashboard.

OR

For **Facebook Live** go to your Facebook page to set the title and manage your live event.

6

Press the **multi-function power** button once on **Webcaster X2** to start the live stream. The light blinks when **Webcaster X2** is streaming content.

Tip: The **Webcaster X2's** display shows you how long you've been streaming.

7

Press the **multi-function power** button once again to stop streaming. When the stream ends, the content is processed as a video for replay.

8

To turn off **Webcaster X2**, long press the **multi-function power button** or disconnect the power cable from the device.
