

Epiphan Recorders capture, record and stream audio/video from VGA, HDMI™, DVI or SDI sources such as HD cameras and computer displays. We offer everything from simple, portable appliances to powerful rack-mount solutions with production video switching.

Epiphan Recorders are trusted for mission-critical deployments serving a wide range of applications including:

- > **Live Events** (concerts, conferences, seminars)
- > **Corporate** (all-hands meetings, company presentations)
- > **Education** (distance learning, simulations, webinars, video-on-demand)
- > **Healthcare** (live procedures, monitoring equipment displays)
- > **Legal** (depositions, courtroom proceedings, evidence presentation)
- > **Control Centers** (power stations, emergency response, air traffic control)

EPIPHAN PEARL™

Self-contained, portable production video switcher. Featuring dual HDMI, SDI and VGA inputs; an LCD display for confidence monitoring, quick configuration, live switching and recording control; and ample space for storing high quality recordings. Capture, stream and record four HD channels at 30 fps.

VGADVI RECORDER PRO™

Powerful rack-mount system with large storage capacity. VGADVI Recorder Pro simultaneously records up to four HD video sources (SDI and DVI/HDMI/VGA). Performs multi-encoding to provide multiple formats and bit rates. Highly customizable picture-in-picture layouts and branding.
